CAREER OBJECTIVE

As a beginner in the field of Information Technology, I strive to associate myself with an organization where I can utilize my skills in the best possible manner, which further gives me an opportunity to grow in my career journey while contributing to the development of the organization.

SKILLS

Languages : C, Html & css , Javascript
React.js , Node.js

Development Tool: Visual Studio Code

Database : Basic MongoDB, Sql

Other: Figma , Photoshop

PROJECTS

ART GALLERY

Technology Used : Node.js, Express.js, MongoDB.

In this project, I used Passport.js for authentication, In addition ,the **Admin panel** can change the user order status in real time. And for payment I used stripe, and for Real time communication I have used socket.io

SOCIAL MEDIA APP

Technology Used : React.js, Node.js, Express.js, MongoDB

This project is like any other social media app and it allows user to create posts and also user can like or delete the posts.

ECOMMERCE WEBSITE

Technology Used : React.js, Node.js, Express.js, MongoDB

I have built Admin side and user side with beautiful user interface. For authentication I used JWT and for payment stripe. In addition I have used redux for global state management.
